TPR 630 Change

1. Please be advised of an error in TPR 630, Absence and Leave, Chapter 11, paragraph 11.1.c., Work Performed on Holidays or Sundays. As written, "A technician who works on a holiday or a Sunday falling outside their normal workdays may not earn compensatory time for all hours worked. Technicians performing work on holidays or Sundays will receive premium pay." This statement is incorrect.

2. At a future date, TPR 630, Chapter 11, paragraph 11.1.c., will be corrected to read, "Technicians performing work on holidays or Sundays will not receive premium pay." This correction aligns with the guidance provided in TPR 990-2, Hours of Duty, Pay, and Leave, Subchapter S1. Premium Pay, S1-10. Pay for Sunday Work, which reads, "Technicians are not entitled to Sunday pay for periods of overtime work."
